📌 We are excited to share with you the latest news on the project **STAGE**.

In this newsletter, we will focus on our third goal, **PR3**, which refers to the development of a skills program for mentors.

Specifically, PR3 aims to provide a training program for: NGO volunteers, adult education staff and more generally people with a migration background, with the aim of helping them develop useful skills.

Through PR3, we intend to develop the skills necessary to also offer effective education on the topic of migration and to provide adequate support to **migrants** in their integration journey.
